volunteers + support

Cycle For Hope couldn't be possible without the leadership of our Cycle for Hope Committee and the 100s of volunteers that make a spectacular fall ride through the beautiful Temecula wine country and surrounding area a day to remember.

The success of this event can only be made possible with the support of amazing volunteers like yourself. Cycle for Hope is a great way for your students to get community service hours, for your team, club, community group or ANY group or business to get involved and volunteer together. We have many areas of the race that are perfect for groups from 5 or more to volunteer together.

Look through the opportunities below to find ways to get involved, and sign up where you would like to volunteer your precious time!

ride crew volunteers

Join a station along the route. Ensure our riders are on course and stay safe riding. Wave arrows, point participants in the right direction, press the crosswalk button at major crosswalks and of course cheer for our riders.

cheer loud and proud

If you have a cheer team from high school or pop warner, we would love to station you along the route to cheer on our riders. Give them that extra boost of encouragement for their ride through the valley.

music to our ear

Play for the riders! We are looking for some great music along the course and how much fun would it be for our riders to hear your middle school or high school band as they are riding along the course on a beautiful Sunday morning!

ride day ready crew

Many hands lighten the load. Help set up the start and finish line area. Easy ups, Tables, Check In station, Parking Areas, Signage all need to be ready before the riders arrive.

course crew

Help get the course ready for the riders. Set up 15, 25, 50 mile course markers around Temecula and wine country. Set up rest stops with tables and chairs..

the ride + the cause

Cycle For Hope was born from the best kind of collaboration: **community**.

Volunteers from **Bike Temecula Valley** and **Community Mission of Hope (CMOH)** envisioned a fundraising event that would celebrate Temecula's beautiful biking opportunities while also raising critical funds for its most vulnerable citizens. Our first year we raised over \$12,000. This year our goal is to double our fundraising and you can help make that happen!

Proceeds from the ride, which include sponsorships, will benefit the men, women, children, and seniors served by CMOH and its newest partner, Empowerment Village at Rancho Damacitas.

In other words, YOUR gifts make a difference.

About the Ride:

- Three routes available: 15 mi / 25 mi / 50 mi and a Virtual Ride
- Start/Finish: CMOH Warehouse: 41760 Rider Way, Temecula, CA
- Family and student rates available
